Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A small business owner who needs a contract.	Draft a service agreement quickly.	I do not understand legal terms.	Lawyers are costly and online templates are generic.	Anxious and dependent on others.
PS-2	A tenant or landlord (individual user).	Create a valid rent agreement.	Online templates miss state-specific clauses.	I cannot check if the document is legally correct.	Worried and unsure of my rights.
PS-3	A law student or junior legal assistant.	Prepare routine legal documents faster.	Manual drafting is repetitive and slow.	Client details must be retyped and rechecked for errors.	Frustrated and overworked.
